

SIMATS ENGINEERING (SAVEETHA SCHOOL OF ENGINEERING)
 Department of Computer Science and Engineering
ASSESSMENT TOOL – PSEUDOCODE WRITING

Course Code:	ITA03	Course Title:	Mobile computing
CO Assessed:	CO3 – Precision (BL3)	Assessment:	Assessment Tool – Pseudocode writing
Weightage:	30 % of CIA	Total Marks:	20 (Answer ANY ONE)
CO3 Statement:	Implement wireless networking and Mobile IP concepts for routing in cellular and ad hoc networks.. (BTL 3)		
Student Name:	B. JANANI	Reg. No.:	192321100
Section / Batch:	Slot A 2023	Date:	5/8/26

Code of Conduct

I B. Janani 192321100 (Name / Reg No) certify that this submission is my original work and that I have adhered to the guidelines specified for this assessment. I understand that any violation of academic integrity rules will result in disciplinary action.

Signature of the Student: B. Janani

Instructions

- Duration: 1 hour

90
100

Faculty In-charge	Course Coordinator	Head of Department
		
Signature: <u>B. Janani</u>	Signature: <u>B. Janani</u>	Signature: _____
Date: <u>06/8/26</u>	Date: <u>06/8/26</u>	Date: _____

Algorithm :

- Start
- Display the welcome screen
- Display Login & register options
- Ask the user to choose an option
- If the user is new, register it.
- Validate the registration details
- Create a new account
- Return to the login page
- Enter username & password
- Verify for the correctness of the login credentials
- If the credentials are correct, open the home page.
- Display Health Routine blogs
- Display Self-Care Blogs
- Ask the user to choose a blog
- Display the selected blog content
- Allow the user to read multiple blogs if required
- Allow the user to logout
- Stop

Pseudocode :

BEGIN

DISPLAY "HEALTH AND SELF CARE APP"
